

# The Canyon News

VOLUME NUMBER XXXIII.

CANYON, TEXAS, THURSDAY, OCTOBER 10, 1929.

NUMBER 29

## Home Stuff

or otherwise

The News hopes that the people of Randall county will come in Saturday afternoon and look over our new building. Without fear of contradiction, and without the least bit of boasting, we may confidently tell you right here and now that the News plant is the best country newspaper plant in Texas, considering the size of the town, and is housed in the best building you will find owned by a country newspaper. Come and look us over. We are not perfect, but are growing.

The special write-up edition of Randall county farmers is scheduled for October 31st. This is an edition of the News in which all citizens should be interested. The News force will try to give the best picture of Randall county that it has been our pleasure to present.

The Buffaloes got going good Saturday. They will be up against a tough bunch at A. C. C. Saturday, but will be equal to the occasion. It looks like a most prosperous season for the Buff team.

Too bad the Eagles didn't get the big end of the score Friday. But it took an ex-Canyon boy to turn the trick of nosing out the Eagles. But that was not a conference game, so the Pampa outfit had better be practicing if they expect to win over the Eagles in a game that counts.

President J. A. Hill deprecates the matter-of-fact attitude of some Canyon people toward the College. Unfortunately that is the difficulty in every town which has a state institution. Local people sometimes think that the state should do everything, while they sit by and reap a golden harvest. Were this a denominational college, the local people would have to put up and keep putting up. Since it is a state institution, too many people feel that the state should do all of the putting up. Of course the state will do the major part of the work, but local people have a great obligation and likewise a great opportunity to build a bigger and better college.

Take for instance the Panhandle Plains Historical Society. There has been talk for a number of years of building a museum for this institution. Chances are this museum will never be built unless Canyon people take the lead and put up the first money. That is the natural way Panhandle folks will feel about it. They will ask what Canyon is going to do about it, and then follow suit. This organization means a great deal to Canyon. It brings more people here, and directs more attention to Canyon than anything about the college, the student body alone excepted. The organization is now the largest of any in Texas, but will not long remain in the lead unless something is done to house the wonderful relics which have been loaned to it. As it is now, valuable relics are piled ceiling high, or remain packed, with no place to display them. Some of those who have placed valuables here may get disgusted with the treatment given these relics, and decide to withdraw them and place them with a society where they will be better handled. Other institutions are after some of this valuable material, and if it gets away no one will be to blame but those who should lead in building a museum. Let's get something started, and that right now.

Boys are cutting up all kinds of antics on bicycles while cars whiz down the street. It is a fine thing to be able to ride a bicycle without hands on the handlebar, especially after night, but some boy is going to be killed or seriously injured if the practice of Canyon boys is not stopped.

Practically 1000 school children are enrolled in the public school and the training school in Canyon. That is a record for Plains towns to shoot at. Canyon leads the state in per capita high school attendance two years ago. It probably will lead the state in both grade and high school attendance were considered. That is a good record, and something to be proud of. Folks are thinking in the terms of getting the most out of life, and properly equipping themselves for living.

Local facts: The Burrow Lumber Company is the best customer the Western Union has in Canyon. And we are wondering when the down town office will be established.

H. W. Cabe and family visited in Happy Sunday.

## GOVERNOR WILL BE REQUESTED FOR MORE CASH

REGENTS APPROVE IMPROVEMENTS TO BE MADE.

Deficiency Warrants for Teachers College to Replace Amounts Voted by Moody is Aim.

Governor Moody will be requested by the Board of Regents for Teachers College to issue deficiency warrants for each teachers college for two-thirds of the amount he votes in the regular appropriations bill. He chopped off \$25,000 in salaries from W. T. This necessitated a heavy load on the local fund and has greatly crippled the work of the institution.

The regents met at Commerce Tuesday and went over the business of each teachers college.

For W. T. contracts were approved for the repair of the roof of the main building, the building of the steam tunnel, erection of the smoke stack, and other small improvements. The college was granted \$41,600 for permanent improvements during the coming two years, and President Hill seeks to spend this money for things which will be of the greatest benefit to the institution.

The next meeting of the regents will be held in January when definite action will be taken as to graduate in the teachers colleges.

## Amarillo Junior College Faculty to Visit the College

President J. A. Hill and members of the College faculty will entertain the members of the Amarillo Junior College faculty Friday. The purpose of the get-together meeting is for the purpose of making acquainted to all members of the Amarillo institution the facilities of W. T. President Hill has publicly announced on several occasions that it would be his aim to create the most friendly relationship between the two schools, and hoped that the institutions would work together.

The Amarillo visitors will inspect the college plant from 4 to 7 o'clock, when a dinner will be served. At 8 o'clock there will be a reception at Cousins Hall.

Hon. J. O. Guleke, member of the Board of Regents, and George Ordway, president of the Amarillo school board, will accompany the Amarillo teachers here.

Randall Boys Winners at the Tri-State Fair

In giving the list of winners from Randall county at the Tri-State Fair, the News omitted three boys who were winners in the Boys' Club. The three boys showed hygienic in the grain sorghum class. Fay Hill won first, Victor Hill won second and Alfred Friemel won third.

The winning grain of these three boys was taken to the Dallas Fair by W. H. Upchurch where it will be shown.

Emmett Hazlewood is Honored at Cornell U.

Emmett Hazlewood, who was graduated from the College with the class of 1928, and taught in both the Canyon high school and the Training High school, has received a signal honor since he went to Cornell University in September.

After attending classes for about two weeks, Hazlewood was offered an assistantship which pays him a salary of \$700 for nine months and allows him time to carry on his studies as planned. All fees are also remitted which makes the scholarship worth almost \$1000.

Both Mr. and Mrs. Hazlewood are studying at Cornell.

Amarillo Hopes to Build Highway Paving at Once

The city commission of Amarillo hopes to let a contract soon for the connecting of the city street paving with the highway in this county. A contract was let recently, but protest was made by the property owners, who demanded a lower priced paving. The contract was cancelled by the city commission, but the firm which holds the contract demands expense money before relinquishing its claim on the contract.

It is stated that an effort will be made at once to complete the paving in order to accommodate the hundreds of cars which travel the highway daily.

Fritz Friemel of Umbarger was in Canyon on business Saturday.

## Formal Opening of News and Buffalo Will Be Held Saturday Afternoon; Gifts Made

The formal opening of the new business houses of the Canyon News and the Buffalo will be held Saturday.

The News building will be open for inspection from 3:00 o'clock until 6:00 o'clock Saturday, while the Buffalo will hold open house Friday and Saturday.

Promptly at 5:30 o'clock Saturday afternoon, the News will give away \$15 in merchandise. Those who come to the News plant from 3:00 until 5:30 o'clock will register, and will be given a number. At 5:30 o'clock these numbers will be drawn, and the holder of the lucky tickets will be given beautiful gifts.

The Buffalo will have a drawing for merchandise at 5:00 o'clock. There will be ample time for the people of the county to attend both drawings.

Cordial invitations are extended by these two firms to attend the formal opening Saturday.

## Canyon's Depot is Praised for Beauty By Citizen of Maine

Citizens of Canyon are interested in a letter which was received by Mrs. Elizabeth Fry Page, this week, complimenting Canyon upon the beauty of its railroad station and asking for a picture of it. The letter came from Frederic Mason of Augusta, Maine. He saw the station when enroute from his home to San Diego, California.

The letter follows:

San Diego, California.

Dear Mrs. Page: Does there happen to be a postcard picture of your beautiful little railway station? If so, could you mail me one, with bill for the same? As I was passing by in the train I was impressed with its architectural beauty.

Send to Frederic Mason, Box 194, Augusta, Maine.

Canyon's railway station was built about five years ago at a cost of approximately \$65,000. It is one of the most attractive on the Santa Fe line.

## Upchurch Leaves Tuesday for Dallas Fair

W. H. Upchurch left Tuesday for Dallas where he will erect the Panhandle-Plains exhibit at the Dallas Fair. All Panhandle counties are pooling their exhibits at the Dallas Fair this year, and Mr. Upchurch was named to erect the exhibit. He is counted one of the most successful exhibitors in the state, and won first at the Tri-State Fair last week with the Randall county exhibit.

## BOOK CLUB MEETING

The Woman's Book Club met in regular session yesterday, with Mrs. C. L. Thompson, Mrs. E. D. Harrell and Miss Florence McMurtry in charge of the program. The club is studying Texas History at this time.

The resignation of Mrs. Dan K. Usery was accepted by the club and Mrs. Lee Johnson was elected to membership.

The club endorsed the action of the City Federation in protesting upon the promiscuous scattering of handbills over the town. Mrs. C. A. Murray reported on the action taken by the City Federation.

Mrs. H. A. Brown, president of the club, presided at the meeting.

## MOVE FROM BOWIE

Miss Julia Bellah and Miss Florence Bellah of Decatur, niece and sister of Mayor R. A. Bellah, arrived Monday to make their home in Canyon. His father, Sam Bellah is coming this week, and they will live in the west block house on Fifth avenue.

## HAD OPERATION

Mrs. I. W. Scott was taken to Amarillo last week and underwent an operation. She is recovering nicely. She is in the Northwest Hospital.

## Two Newspapers Are Offered at One Price

The News is making the best clubbing rates it has been able to make in a number of years. Two newspapers are offered at the price of one.

The Amarillo News and the Canyon News are offered, both one year, for only \$5.00.

The Fort Worth Star-Telegram and the Canyon News are offered, both one year, for only \$7.45.

The Dallas News and the Canyon News are offered, both one year, for only \$7.45.

These are the biggest offers the News has ever been able to make for bargain days.

## Sixty Attend S. S. Training School Here

The Standard Training School which is being conducted this week by the Canyon Methodist church has the largest attendance ever recorded for such a school in Canyon, according to Miss Mattie Mae Swisher, secretary of student work in this city. Sixty men and women, most of them college students, are enrolled and most of them will complete the five days' work and secure the certificates showing that they have done the work.

## PUBLIC SCHOOLS ROTARY SUBJECT HERE TUESDAY

THOUSAND SCHOOL CHILDREN ATTENDING IN CANYON.

Supt. Irby Carruth Brings interesting Facts About the Public School System.

Canyon's school system was discussed Tuesday at the luncheon of the Rotary Club. Supt. Irby Carruth explained a number of interesting features in connection with the local schools, while Miss Elizabeth Weter, public speaking teacher, gave two interesting readings.

The following were guests of the club: C. R. McAfee, Guy Saunders, Charles Rogers of Amarillo; Mr. and Mrs. E. W. Kenney of Plainview; Rev. C. E. Jameson and Miss Weter of Canyon.

There has been a large increase in the attendance of the public schools this year, according to Mr. Carruth. There are enrolled 450 in the grades, which is an increase of 80 over last year. There are 245 in the high school, making a total of 695 in the public schools. Add to this the attendance of the training school of the College, and there are nearly 1000 pupils attending the public schools in Canyon.

There have been more students to move to Canyon this year for the public schools than ever before, coming from practically every town on the Plains. Mr. Carruth has asked them why they came, and all have recognized this as the educational center of the Plains, and came here in order to remain through college.

There are twenty-nine members of the faculty this year, three-fourths being W. T. graduates. Twenty-four members of the faculty hold degrees. Mr. Carruth states that all of the faculty members have greatly praised the friendly spirit of Canyon as shown by the teachers, and express the opinion that Canyon people take more than usual interest in the public schools.

In discussing the difficulties of the local high school, Mr. Carruth stated that the greatest was the overshadowing interest shown by the citizens in the college. Other towns without a college take more interest in high school activities.

The high school band should be liberally supported in order that the pupils might be trained to take their place in the Buffalo Band. Practically all the high school graduates go to the College from the local high school.

The public school favors the spirit of a clean and beautiful town, and has beautified the grounds this year, stated Mr. Carruth. Plans are for more trees and more grass.

The Red Cross will soon put on its membership campaign, 75% of which goes to pay for a nurse in the public schools. This work is most important.

Mr. Carruth stated that it was the aim and desire of the school officials to make the Canyon schools measure up to the expectations of the large number of people who are moving here for school purposes.

Dean R. P. Jarrett and Dr. C. A. Pierle of the West Texas State Teachers College faculty began their work in the field last week with visits to meetings in Swisher and Lamb counties.

October 3, Dr. Jarrett spoke to the teachers of Swisher county who were assembled in Tulsa for a banquet and business meeting. This meeting was in charge of City Superintendent W. H. Younger, Jr. and County Judge, W. A. Graham.

October 5, Dr. Pierle, head of the department of Chemistry was principal speaker at a meeting of the Lamb County teachers at Olton. The program for the day had been arranged by Superintendent B. M. Harrison of Littlefield, and the Olton teachers under the direction of H. P. Webb were hosts. Dr. Pierle gave two addresses, first, "The Place of Chemistry in the High School," and "Dental Hygiene."

## Music Teachers Will Meet Here in November

Canyon will be the meeting place for the South Plains Music Teachers Association on November 9, according to announcement made by Wallace R. Clark, head of the college music department.

The visitors will spend the day in business sessions, and at night will be guests of the college at a concert to be given by the Russian Cossack Chorus, which comes as one of the Lyceum numbers for the year.

The program for the day's sessions will be announced by the president of the organization in a short time.

Mr. Clark and Miss Pauline Brigham of the piano department have met with the South Plains Music teachers in their semi-annual meetings ever since they perfected their organization about five years ago.

## QUIET AT BORGER

W. S. Christian returned Sunday from a business trip to Borger and Stinnett. He states that everything is quiet in spite of martial law. The only shot so far fired by the national guardsman was by a private dropping his gun, and the bullet striking a civilian.

## BRASWELLS TO CLARENDON

Rev. and Mrs. J. H. Braswell went to Clarendon Saturday to live with their son, Sam M. Braswell during the winter. They will return often to look after their property here.

## BRASWELLS TO CLARENDON

Rev. and Mrs. J. H. Braswell went to Clarendon Saturday to live with their son, Sam M. Braswell during the winter. They will return often to look after their property here.

## Freshman Guests of Rotary Club at Picnic Held Last Night

The freshmen of the College were the guests of the Rotary Club last night at a picnic held at Wragge's Park. A short program was held, with short talks made by W. A. Warren, who told the class what Canyon thought of the College, and by R. P. Jarrett, who told the class what the College faculty thought of Canyon. Winston Savage, freshman president, responded for the class.

After the picnic supper had been served, songs were led for an hour by Dr. H. A. Brown.

The City Federation of Women's clubs met Wednesday afternoon in the club rooms, this being the first meeting of the club year. Many things pertaining to the campaign for a cleaner town were discussed. A committee was appointed to work out a plan for the disposal of garbage.

The following committee was appointed to work on the garbage disposal: Mrs. Chas. Dowlen, Mrs. Jim Green, Mrs. Bert Newlin, Mrs. Clyde Warwick.

The Federation voted to meet only four times a year; the next meeting will be the second Wednesday in December, when committees will be appointed for the Christmas stocking crusade.

The members of the Federation are anxious that some action be taken by the City Commission on the petition presented that body last spring about the scattering of hand bills over the city.

Newly elected officers of the Federation are as follows:

President, Mrs. Ed Harrell.

Vice-Pres., Mrs. A. W. Sternenberg.

Secretary, Mrs. J. M. Daugherty.

Treasurer, Mrs. J. W. Green.

Parliamentarian, Mrs. John S. Humphreys.

Reporter, Mrs. Hubert O. Price.

## Work Started on Highway South to Happy

Contractors have started on the grading and drainage on the highway from Canyon to Happy. Work was started north of Happy and will continue to the north.

The contract calls for the completion of the grading and drainage in 137 working days, which means about six months actual time.

It is reported that petitions are being circulated asking the commissioners court to reject the proposal of running the highway north of the railway. These petitions will likely be presented to the court at the meeting next week.

Boone McClure will write the history of Randall county for his thesis in the University of Texas where he is working on his M. A. degree this year.

Information from the files of the News will be used by Mr. McClure as the basis for his investigations.

Fall Flowers Are Unusually Rich in Canyon This Year

People who visit Canyon in the fall of the year are usually surprised at the number and richness of the flowers they find at a season when flowers in other sections of Texas have passed their prime. Rose growers in Canyon are especially pleased with their plots this year. Miss Jennie C. Ritchie has had a large number of American Beauty roses, which were produced without special attention but whose stems are more than a yard in length. The longest stem to date was one yard and eighteen inches in length. There are other roses in the city, fully as fine as those of Miss Ritchie.

Dahlias of all colors are blooming in abundance. Mrs. Dell Nixon, Mrs. Marion Witt, at Cousins Hall, Mrs. Rogers, and Mrs. Peter Myers have many that are fully as fine as those exhibited at the fair.

Marygolds are at their best at this season and chrysanthemums are just bursting into bloom. People who have kept their violets well watered during the fall months now have a great number of blooms.

Canyon can always have an abundance of fall flowers if those who want them will cultivate them with reasonable care during the late summer.

## LUNCHEON HELD BY CHAMBER OF COMMERCE

NEED OF CITY PARK DISCUSSED—W. H. UPCHURCH PRAISED.

Trades Day Committee and Nomination Committee for New Officers Announced by Warren.

More than fifty attended the luncheon of the Chamber of Commerce held at the College Cafeteria Friday night at 7:30 o'clock. President W. A. Warren presided over the business session and Prof. John S. Humphreys over the program.

Prof. Frank Byers gave a reading; Dr. Grant McColey sang two solos and Herschel Coffee played a violin solo.

Mr. Humphreys explained that it was thought a few days ago that the proposal would have been received from the Santa Fe by this time as to the removal of the stock pens. Mr. Humphreys stated that he understood the proposal would be less than was figured a few years ago when it was sought to remove the stock pens. He called attention to the need of Canyon making plans now for a park, while land was available. He hoped that from the proceeds of the sale of these lots the city could realize a sufficient amount of money to set aside some of the land for park purposes. The time will be short to close the deal after the proposal is received from the Santa Fe, as the option with Mrs. Conner for the release of the land expires in December.

Clyde W. Warwick expressed the appreciation of the Chamber of Commerce and the citizens of Randall county of the work of W. H. Upchurch, county agent. He praised the work of the county agents who had served here, and believed this to be one of the best expenditures the county had ever made. A home demonstration agent should be added within a short while to assist the county agent in his work. Mr. Upchurch

## THE HIGHWAY ROUTING

Considerable disappointment has been expressed that the state highway commission had determined to run the highway north of the railway rather than through Canyon. This was to be expected. Canyon was virtually promised a few years ago that if Fourth Avenue was opened up west of town that the highway would remain on this street. That was during another administration, and the promises of three or four years ago are not accepted by the present commission.

Of the seventeen men who attended the meeting at the court house last week with Division Engineer W. A. French, there was not a single one who did not wish to see the highway come through Canyon. But of this number were possibly not more than three who were not convinced that it was impossible to hold the highway through Canyon, in face of the fact that it meant the construction of two viaducts which would cost about \$45,000 each.

It is interesting to note that Canyon is not the only town which is experiencing a problem of highway routing. The big cities of Texas are now building highways so that through traffic will not come into the congested business district. Texas is not the only state which is scratching its head over highway routing.

The Tulsa Tribune recently discussed the situation in Oklahoma, and had the following regarding the situation in Illinois:

The virtue of routing principal highways through the business sections of country towns has been questioned before and strangely by a number of towns so situated. A league of municipalities in Illinois has been formed to protest the use of their main streets by tourists, trucks, buses and automobile commuters. The business which this through traffic brings to the merchants is negligible, while the harm is considerable, the league members. Consequently the organization wants a share of the gas tax income used to build highways around the towns. These Illinois

towns have kept tab on tourists, and find that only one of fifty through vehicles stops, and then, most frequently only for a bottle of pop. They complain, and properly so, that the extra soda pop business does not compensate for the destruction of the residential character of the streets, for the expense of maintaining the pavements, nor for the noise and fumes, none of which is discountable at the bank.

It is not a lack of hospitality that sends the road around the town. No place is there greater friendliness than in the small American town, for the chance tourist who, browsing through the countryside, elects to stop and chat a bit or stay a day or two. Nothing is more unfriendly than the speeding car that leaves naught but its dust or squawking, featherless chicken to bear witness to its passing. The town by the side of the road is hardly a fleeting impression to such as these.

Most motorists would be glad, we think to avoid the business districts of villages and towns. Travel through small-town thoroughfares is slow and tortuous. Main street is usually a busy and leisurely market for villagers and farmers. It is an unsuitable speedway. These Illinois towns and others like them, are finding that the congestion of their main street is not conducive to the transaction of business on which they subsist. The small-town merchant is thus confronted with much the same problem the city department store owner must sooner or later answer. Which does he prefer, which makes him more business; congested streets by virtue of almost unrestricted transient parking which the shopper avoids as he would the plague, or safe, accessible shopping space for customers.

Dr. J. E. Nunn of Amarillo has offered to Wayland College of Plainview \$5,000 for every \$25,000 raised for an endowment fund. The offer of Dr. Nunn is a worthy one, and demands the consideration of the people interested in Wayland. It is proposed to raise \$250,000 endowment for Wayland, and if the movement is successful, Dr. Nunn will be very largely responsible for the good work, as he started the movement.

Giving money to colleges is the best way any wealthy man may invest his money in the future good of his nation. There is no finer compliment for any individual than for him to make it possible for some young person to find himself, and Dr. Nunn is pointing the way. There are many wealthy men in the Panhandle who could afford to make such an investment for the sake of the young men and women who will come after them. Building a memorial building at the West Texas State Teachers College would be a much more creditable monument to some wealthy man than to leave a great fortune which might soon be dissipated by reckless hands. The wealthy men of this section should think about the good example set by Dr. Nunn.

A report from the Texas Prison Commission is expected within a short while, which will be transmitted to Governor Moody and members of the legislature. From press reports, the commission now seems more interested in the location of the new prison than in the type of the prison. The location

means little, so far as the community is concerned. The type of prison, and the kind of labor for the prisoners should first be decided upon, and then let the location conform with the use that will be made of the prison labor. The special session which will be held in January will probably pass some kind of a prison bill. It will be a compromise bill, to be sure, and will likely please no one. The prison problem has confronted the state for 50 years, and while a new plant will probably be the result of the work of the 41st legislature, the problem will still be with the state.

The Vernon Record would prohibit members of the legislature from being on the pay roll of corporations. The suggestion is fine, but how are you going to pass such a law when the lawyers hold the balance of power in the legislature? The first shock we had at Austin was to find virtually all the lawyers either on the pay roll of corporations or wanting to get on the pay roll. The public should not be prejudiced against a lawyer serving in the legislature, as he is better prepared than any other class of business or professional men to make a real law maker. But there is no doubt that many of the acts of the lawyer-legislator will be influenced for the benefit of his client than for the benefit of the public.

## Jowell Items

Most of the farmers are busy gathering their row crops.

Mr. and Mrs. R. F. Bratcher are on the sick list this week.

Mr. and Mrs. Argus Nix and family of Shamrock were on their way to visit at the J. E. Davis home Friday, when they were hit by a car. No one was seriously injured. The Nix car was demolished, but the other car was not damaged.

Miss Mildred Solomon spent the week end with Miss Mildred Burtz. Mr. and Mrs. Arthur Eckhart of Colorado and Mr. and Mrs. Ray Hodges spent Tuesday at the Henry Burtz home. Mr. and Mrs. Eckhart and daughter Mrs. Hodges lived in this community a number of years.

Mr. and Mrs. Marion Davis and family, Mr. and Mrs. Argus Nix and family visited at the parental J. E. Davis home Sunday.

## HISTORY JUST GROWS

You can't reason with life. We shape it by the way we are today living it and that's how history is made.

Fight Over Tariff to Open Thursday—Headline. It will end about the middle of the millennium—Arkansas Gazette.

He is not poor who has the use of necessary things.—Horace.

## CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Randall County, Greeting:

You are hereby commanded to summon Wm. Hatcher, and the heirs and legal representatives of the said Wm. Hatcher, whose names and addresses are unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Randall County, to be holden

# College Seal Brassware

Book-ends, letter openers, letter cases, ash trays, playing card holders, and pen trays, all carrying the College Seal. And at quite moderate prices, too.

## J. J. Walker Drug Store

at the Court House thereof, in Canyon, Texas, on the first Monday in January A. D. 1930, the same being the 6th day of January A. D. 1930, then and there to answer a petition filed in said Court on the 30 day of September, A. D. 1929, in a suit, numbered on the docket of said court as No. wherein Panhandle Construction Company, a corporation is Plaintiff, and Wm. Hatcher and the heirs and legal representatives of the said Wm. Hatcher, whose names and addresses are unknown, are defendants, and said petition alleging:

That Wm. Hatcher is the owner of Lot Thirteen (13), in Block Sixty-one (61), in the original town of Canyon, in Randall County, Texas. That the City of Canyon, in Randall County, Texas, is a municipal corporation, which corporation adopted by an election duly called, had and declared, the general paving law of the State of Texas, and had same in effect at all times herein mentioned. That the City of Canyon by its governing body, on the 3rd day of March, 1928, determined that certain streets, including the street abutting the above described lot, should be graded, filled, curbed, guttered, paved and drained and on said date entered into a contract with plaintiff to so improve said street in accordance with the plans and specifications on file and approved by the governing body, and agreed that when the improvement was completed and accepted by the city, it would issue its negotiable certificate to plaintiff herein, which certificate should be an evidence of indebtedness against the owner of said property, and all persons having an interest therein for the cost thereof, and should be a special lien upon the property prior to all liens of every character, save and except taxes, and that the payment for said work should be made in six equal installments, one due within ten days from the date of acceptance by the City, and one each year for five years thereafter. Such certificate provided that if default was made in the payment of any installment of principal or interest that the holder at his option might mature the whole of said certificate, and also providing that a reasonable attorney's fee should be added.

That the City of Canyon gave notice to the owner of said property and all persons interested therein, that at a named date of such persons desiring to contest said ordinance or said contract should appear before the governing body

of said City, and object to same if they saw fit, and show why the improvement would not increase the value of the property, and that thereafter such hearing was had on the 3rd day of March, 1928, and it was confirmed that plaintiff should have its certificate setting forth the matters above upon the completion thereof and that the cost of said improvement would be \$139.20. That plaintiff did proceed with and improve said street and completed same according to plans and specifications prior to December 19, 1928, on which date the work was accepted by the City of Canyon, Texas, and negotiable certificate issued to this plaintiff, and thereby same became a lien upon said property superior to all claims except taxes, and same is now owned by plaintiff, and that by virtue of the matters above set out said Hatcher became indebted to plaintiff in the face of said certificate which is \$139.20. Plaintiff says no part of the principal has been paid, and two installments are past due, and after demand made defendants have failed and refused to pay same or any part thereof, and plaintiff has elected to exercise its option and mature the whole of said certificate, and has placed same with an attorney agreeing to pay him a reasonable fee, which fee is alleged to be \$100.00. That there is now due on account of the defaults aforesaid, the sum of \$139.20 principal, which bears 8% interest from September 19, 1928, and \$11.13 interest has accrued, and a reasonable attorney's fee of \$100.00, which defendants refuse to pay or any part thereof. Plaintiff prays for service of process upon defendants, and upon hearing it have its judgment for its debt as above set out, and that such judgment be decreed a lien upon said Lot 13, Block 61, superior to all rights of all defendants herein, and the land be sold to satisfy such judgment, and that it have its execution for any deficiency and for such other and further relief to which it may be entitled.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this 30 day of September A. D. 1929.

(Seal) BERL E. MAYFIELD, Clerk District Court, Randall County.

## Before Baby Comes

comfort and ease

The muscles, tissues and nerves must "give" easily as the abdomen enlarges, or much pain and suffering may result. More important still, is to have the tissues and muscles as "elastic" as possible when the great moment of childbirth arrives.

Countless thousands of expectant mothers have been relieved by the use of "Mother's Friend"—that time-tested, scientifically-prepared skin lubricant and pain-reliever which originated in the prescription of an eminent obstetrician.

You owe yourself the comfort "Mother's Friend" gives. It is soothing and relaxing. It is used externally only—gently rubbed into the skin. Clean and pleasant to the touch. Brings relief promptly. Very valuable in keeping the breasts in good condition. Also puts you in fine shape for the approaching ordeal.

"Mother's Friend" is on sale at all drug stores. \$1.25 per bottle. Try a message with it tonight and notice the ease and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address: Bradfield Regulator Co., Dept. 15, Atlanta, Ga.

## They May Call You

When the firemen call, dressed for action, it is too late to think of insurance. The loss may be large—or the loss may be small—but a loss nevertheless unless you have your home and personal property well insured. Winter is the season of the year when fire losses are greatest. Putting off taking out a fire insurance policy is a gamble which no one can afford. Let us explain the economy which may be enjoyed in various kinds of policies.

The above statement is correct.

Grady Oldham, Cashier.

## Wayside Items

No rain yet. Some farmers are leaving their volunteer wheat for fear of failure of getting a stand on account of the weather. Others are trying to kill out the stand now on the ground.

W. H. Rogers was honored last Sunday by a surprise birthday dinner given by his wife. Among the twenty-one guests entertained were Kelly and Aline McGehee, Ida May and Osce Lou Hamblen, Mrs. Myrtle Washburn and children, Kenneth Knox, wife and baby and some others. All enjoyed the nice repast and had a good time.

Mr. and Mrs. Ralph Childress and children of South Plains visited the parental G. W. Franklin home recently.

W. J. Sluder has been ailing for a week past; now improving.

Wayside Home Demonstration club met with Mrs. Bessie Lane Monday afternoon, presided over by our new president, Mrs. Amanda Adams. A new secretary was elected, Mrs. Bertha Payne; assistant, Mrs. Amos Cunningham. Miss Phillips, agent, was with us and gave us a good talk on the subject of the afternoon: "Child Welfare." A timely subject and sadly needed in many homes. Diet, manners, and many phases of child life were freely discussed. Two weeks hence we meet with Mrs. Cunningham.

Mrs. W. I. Lane and Irving visited relatives at Pampa Friday, returning Sunday afternoon.

Irving Lane has a job with Luther Aiken on the Jenks Curry farm near Amarillo. He left Monday afternoon.

W. J. Sluder and wife gathered a bushel of green beans, Oct. 7, from a double row eighteen yards long. Long green seed came from Mrs. Nellie Burrows of California.

Mr. and Mrs. Scott Laycock and Miss Cope, Wayside teachers, were dinner guests with Mrs. W. R. Franklin Sunday.

Mrs. Bonnie Sluder and Evelyn spent the past week with Mrs. Roy Smith near Hereford, returning Saturday, accompanied by Mrs. Smith and baby.

W. J. Sluder felled five out of six black locust trees on his place last week. Infested with borers. Made thirty posts. A decided change in appearance of the place. An elegant tombstone was placed at Mr. T. G. Knox's grave the past week.

### MRS. HILL ENTERTAINS FORTY-TWO CLUB

Merry Maids and Matrons forty-two club and a few special guests were the guests of Mrs. J. A. Hill Thursday afternoon. There were sufficient guests for six tables of forty-two throughout the afternoon.

Gorgeous dahlias of every color were in abundance in the receiving rooms. Autumn shades, pastel

shades, and colors of the rainbow, all were found in the blends and tones of the dahlias. The tallies were autumn leaves. When the refreshments were served, a large vase of the flowers was placed on each table. The refreshments consisted of a salad course, macaroons, and punch.

Mrs. Clyde W. Warwick and Mrs. F. E. Savage assisted Mrs. Hill in the serving.

Invited guests were: Mrs. Agnes C. Smith, Mrs. Henrietta Scott, Mrs. Elizabeth Gray Shaw, Mrs. Warren, Mrs. Kunze, and Mrs. Whittenburg.

## Fairview Breezes

Several of the young people from this community attended the show in Happy Saturday night.

Elvin Wesley of Canyon spent the week end in the parental J. W. Wesley home.

Mr. and Mrs. A. E. Wesley and Mr. and Mrs. H. H. Sutton spent Sunday with Mrs. Belle Washburn and family.

Misses Opal and Martha Sutton and Madge Haulman were visitors Sunday in Happy with Mr. and Mrs. Elmer Haulman and Mr. and Mrs. Max Barnard.

Mrs. C. L. Wesley and baby have returned home from an extended visit in Seminole, Texas.

J. W. Wesley made a business trip to Amarillo Saturday.

Miss Marie Hancock spent the week end with her parents in the Red Hill community.

Chas. Sutton and children, Woodrow Wesley, Mr. and Mrs. Clarence Helms and Mr. and Mrs. H. James of Happy spent Sunday in the Bill James home.

Opal Sutton spent Thursday night with Ira Lee James.

Mr. and Mrs. Elmer Haulman were callers in the Chas. Sutton home Saturday.

Mr. and Mrs. H. H. Sutton and son were shopping in Happy Saturday.

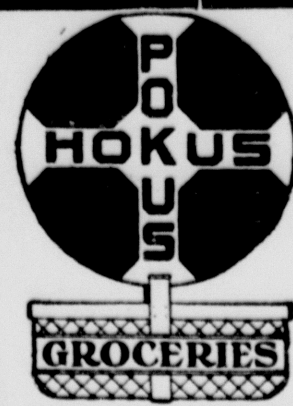

Mr. and Mrs. J. W. Wesley were in Canyon Friday and Saturday.

Guests in the G. E. Wesley home Sunday were Alice and Frank Rogers, Mr. and Mrs. H. C. Evans, Mrs. J. W. Wesley, Othell and Elvin Wesley, Mrs. Fred Hext and daughters.

As the dress reformers see it, the trouble with the human form divine nowadays is that it is too divanable.—Virginian-Pilot.

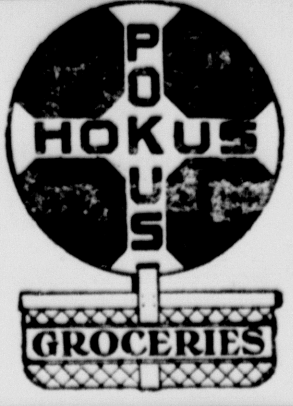

### SORE GUMS—PYORRHEA

Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. Leto's Pyorrhea Remedy is highly recommended by leading dentists and never disappoints. Druggists return money if it fails. Jarrett Drug Co.

## "I Feel Like I Have a New Life Before Me," Says Woman

Mrs. Killian Says She Was Almost a Nervous Wreck When She Began Taking Orgatone, Now Feels Better Than in 20 Years.

"I am simply a new woman and feel that I have a new life before me since taking Orgatone," said Mrs. J. M. Killian, residing at 1407 Buchanan Street, Amarillo, Texas. "Yes, sir, I feel like a new woman and I want everybody to know it," continued Mrs. Killian.

"About a month ago I was almost a nervous and physical wreck and two bottles of Orgatone has not only put me on the road to recovery, but I have gained wonderfully in strength and weight besides and actually I wouldn't take the world for what Orgatone has done for me.

"I had been suffering for twenty-five years or more from nervousness, a very bad stomach and other troubles, and my condition for the past ten years had become wretched. I seemed never to get enough sleep and I had a restless nervous feeling that would often times cause dull throbbing headaches. I lost all desire for food of any kind and the little I did eat caused me constant misery in my stomach and I was just dwindling down until I was almost bed-fast.

"I tried every kind of medicine and did everything I knew how to do trying to get relief, but I kept getting worse and finally I got so weak and sick and nervous I had to spend part of my time in bed, and I thought I couldn't go this way much longer.

"Orgatone has completely changed life around for me and I just can't find words to express my gratitude for it. I have been relieved of all my nervousness and my sleep is sound and restful. My appetite is splendid now and I can eat as much as I ever could and I relish my meals. Those dreadful headaches are gone since I took my first bottle of Orgatone. I feel fresh and full of energy, and I now enjoy doing all of my house work. I'm entirely relieved of every trouble and I feel better and enjoy life more than I have in years. I wish I could have the opportunity to personally thank the maker of Orgatone for placing this wonderful medicine in the reach of suffering people."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Canyon by the Jarrett Drug Co.

### LEGION AUXILIARY

Mrs. Roscoe Davis and Mrs. J. A. Boutwell were hostesses to the members of the American Legion Auxiliary at the home of Mrs. Davis Tuesday evening. The rooms were decorated in autumn flowers and bridge was played at six tables. A salad course was served to those present.

### CAR ON FIRE

The new Ford car belonging to Henry Prichard caught fire Sunday afternoon in front of their home near here. The wires were burned in two and the paint was blistered. The cause of the fire has not been determined.

**BUTTER CARTONS AND PAPER**—Wrap and pack your butter in cartons, and it will bring more on the market. Cartons and paper for sale at the News office.

## Auto Will Run With Spark Plug Cut Out!

When the connection between your battery and spark plug "goes back" on you, you take your car to a service garage.

Suppose the mechanic should say: "The spark plug isn't working, I'll take a cold-chisel and cut it out. You can run your car on five cylinders!"

Common sense tells you not to leave your car with this man.

Your brain is the "battery" that runs every organ of your body. Now, suppose this current is retarded or shut off at the place where the nerve leaves the back bone and one of your vital organs "goes back" on you? Does common sense tell you to have the organ cut out, or would it be better to re-establish the current?

Chiropractic re-establishes the current between the brain and the offending organ by adjusting that part of the backbone that is causing the trouble, and by so doing has saved hundreds from the surgeon's knife.

### Chiropractic Adjustments Will Remove the Cause of Disease.

90% of all disease is caused by pressure on nerves.

This pressure shuts off the flow of vital force from the brain to the part involved. And this pressure is due to one or more of small bones (vertebrae) of the spine being slightly out of alignment, due to some jar or strain too great for the spine to withstand.

The TRAINED Chiropractor finds these offending vertebrae, and with his bare hands, he adjusts them back into their normal position, when this is done, the pressure is removed, and the flow of vital force is again established, and the parts which were weakened due to the absence of the vital force will now become strong.

Chiropractors having attended a reputable school of chiropractic, are qualified to do this work, because, they receive three or more years of intensive training in the subjects of anatomy, physiology, and symptomatology, with other allied subjects and special attention is paid to the nervous system as well as to the spine to which Chiropractors confine their work. I am a graduate of the PALMER SCHOOL OF CHIROPRACTIC, and since graduating there, I have had twelve years of experience as a practicing Chiropractor.

If you are not enjoying the best of health, let us make a spinal analysis and give your own opinion. This will cost you nothing.

C. I. Webster, D. C.  
PALMER SCHOOL GRADUATE  
Suites 24 and 25 First Natl. Bank Bldg. Hours 10—12, 2 to 5, and by appointment. Phone 35. Canyon, Texas.

### BUSINESS WOMEN'S CLUB

On last evening eighteen members of the Business Women's Club enjoyed a delightful evening at the hospitable home of Mrs. M. L. Steele in Hereford with Mrs. Roxie Anderson, sister of Mrs. Steele, and Miss Olive Schramm as hostesses. Attractive floral decorations in colors of orchid and white were used. An informal program of music furnished by Mrs. Steele's daughters, Miss Dessie Mae and Miss Polly, and of readings given by little Miss Olson of Hereford furnished the entertainment for the evening. Following was a short business session at which these officers were elected for the coming year: Miss Lillian Atkins, president; Mrs. Berl Mayfield, vice-president; Mrs. J. B. Sikes, secretary-treasurer. For the formulation of constitution and by-laws for the club, the following committee was appointed: Miss Agnes Meyers, Miss Lorena Prieze, and Mrs. W. A. Warren.

A salad course was served, and plate favors of cosmos flowers were used.

### B. Y. P. U. MEETS

The Junior B. Y. P. U. met at Mrs. W. P. Bishop's Saturday evening in a business session. The following officers were elected: President, Willis Howard. Vice President, J. C. Pite. Secretary, Ruth Baker. Group Captain No. 1, Baby Joe Cheyne. Group Captain No. 2, Mary Lee West. Group Captain No. 3, Frances Gill.

Many games were played, then they enjoyed a weinie and marshmallow roast, and a real watermelon feast. 24 were present.

The saloons will never, never return. The filling stations have all the prominent corners.—Florida Times-Union.

Nothing else so humanizes a great man as the publication of his golf score.—San Francisco

## Picture Unites Sound and Color for New Effect

Sound and color have been successfully combined on the same narrow strip of motion picture film and the surprising successful combination will be seen at the Olympic theatre, starting Monday for two days in "The Dance of Life," the all-talking, all-singing picturization of the overwhelming successful stage play, "Burlesque."

The perfected sound-and-color process has been used to photograph and record a lavish stage revue in "The Dance of Life." The stage and performers appear in natural colors, the brilliant jewels, the gorgeous gowns, the dancing choruses and beautiful settings. Eighty dancing girls are used in the production and the sound of their steps and voices are distinctly heard. A 32-piece orchestra and the song of a soloist are packed together on a single bit of celluloid scarcely more than an inch square.

The perfected system of combining sound and color on motion picture film is the work of scientists of the Technicolor Corporation, working with sound engineers of the Paramount studios. The use of this process in "The Dance of Life" is the first that has been successful enough to present to the public.

"The Dance of Life," a story of life behind and before the footlights, is particularly adapted to the use of this medium. In the sequences where color is used, the elaborate stage presentations, which work into the plot of the story, are intensified and vivified by the use of color.

Help Keep Canyon Clean.

## Freshman Choose Winston Savage as Class President

In an enthusiastic meeting of the freshmen at the class meeting hour officers were elected for this fall quarter. Winston Savage of Canyon was chosen president of the class. Mr. Savage finished the college high school and has had the greater part of his grade and high school work in that section of the college.

Other officers elected were: Bill McClendon, vice-president; Lonnie Beth Weaver, secretary; Mary Lockwood Sternburg, treasurer; Margie Wimberly, social chairman; Jake Harrison, annual representative; Dee Blythe, Prairie reporter; Lester White, Ford Ward, and Helen Woods, yell leaders.

Mr. Stuart H. Condon was chosen sponsor for the freshmen class. Mr. Condon was sponsor of the senior class last year. His acceptance has not yet been received.

### ENTERTAINED AT DINNER PARTY TUESDAY NIGHT

Miss Pauline Brigham entertained members of the music faculty of the College and a few friends Tuesday night at dinner. Those present were Mr. and Mrs. Wallace R. Clark, Mr. and Mrs. C. E. Strain, Mr. and Mrs. Herschel Coffee, Ada V. Clark, Hazel Allen, Alice Dawes Fry, T. M. Clark, Mr. and Mrs. Clyde Warwick and Mrs. Mattie J. Warwick.

Maybe the fruit and vegetable men are merging because that is the only way to decide who should handle the cantaloupe.—Nelson (B. C.) News.

## Debate Club Will Be Led By Wayne Eubanks This Year

Wayne Eubanks was elected president of the C. W. Batchelder Debate Club at the regular meeting last Monday. Mr. Eubanks is well known on the campus and is an all-round student. Besides representing W. T. on the debate platform and on the dramatic stage, Mr. Eubanks is an active member of the senior class, captain of the tennis team, and he was president of the Student Fraternity Council last year.

Other officers were elected as follows: Vice president, Robert Hunt; secretary and treasurer, Seth Rollins; Le Mirage representative, and Prairie Reporter, Theresa Robinson; sergeant at arms, C. W. Roberts, representative of Student Council, Ernest Cabe, and parliamentarian, Mr. F. A. Byer.

The first debate of the season was held last night when the question, Resolved: "That the generality of things in general is equivalent to the generality of things in general," was ventilated upon. A great gush of wit and humor was displayed by those who participated in the discussion of this most serious question. The affirmative side of the question was upheld by John Bookout, Chuck Stevens, and Seth Rollins; while the negative consisted of C. W. Roberts, Robert Hunt, and Ernest Cabe. After a lively discussion it was decided that both sides won.

Southern Florida is shipping papayas north, but probably they will not sell much until Northern mammas get used to them.—Boston Transcript.

and let this great big fact sink in!

# "Square Shootin' Texas rewards Square Dealing

— so we lay our cards on the table to the people of the Southwest

OVER A HALF CENTURY ago, when six-shooters and longhorn cattle were in vogue, the Waples Platter Company started the distribution of coffees and foods, housed in a tent on the banks of Red River in Indian Territory. Shortly thereafter the business was moved to Denison, which was then the terminal of the Katy Railroad.

Texas is a big state. Technically it is one state, but geographically she is a half dozen. To those who think a trip through seven states from Boston to St. Louis is never-ending, this same distance can be covered without leaving the borders of Texas.

The grit and courage of the people of the great Southwest is reflected in the development of its vastness, laying the foundation for the homes of great industries and enterprises which have today materialized.

dustries and enterprises which have today materialized.

During the forward march of Texas, more than 1,000,000 loyal people of the Southwest have made the Waples Platter Company one of the largest food distributors in the United States. That is important. Not just because it is now a big business—but because it presents an obligation which must be discharged in full to deserve the continuance of your patronage.

Naturally, you haven't realized the business you were building. Waples Platter Company is merely a name to many of you. But in thousands of households White Swan Coffee, Wapco Beans and many other Waples Platter products mean the finest quality that can be placed on a table.

Goodwill is the most precious asset of any company. It cannot be bought like a commodity. But can be established only by insuring the lowest price consistent with the highest quality.

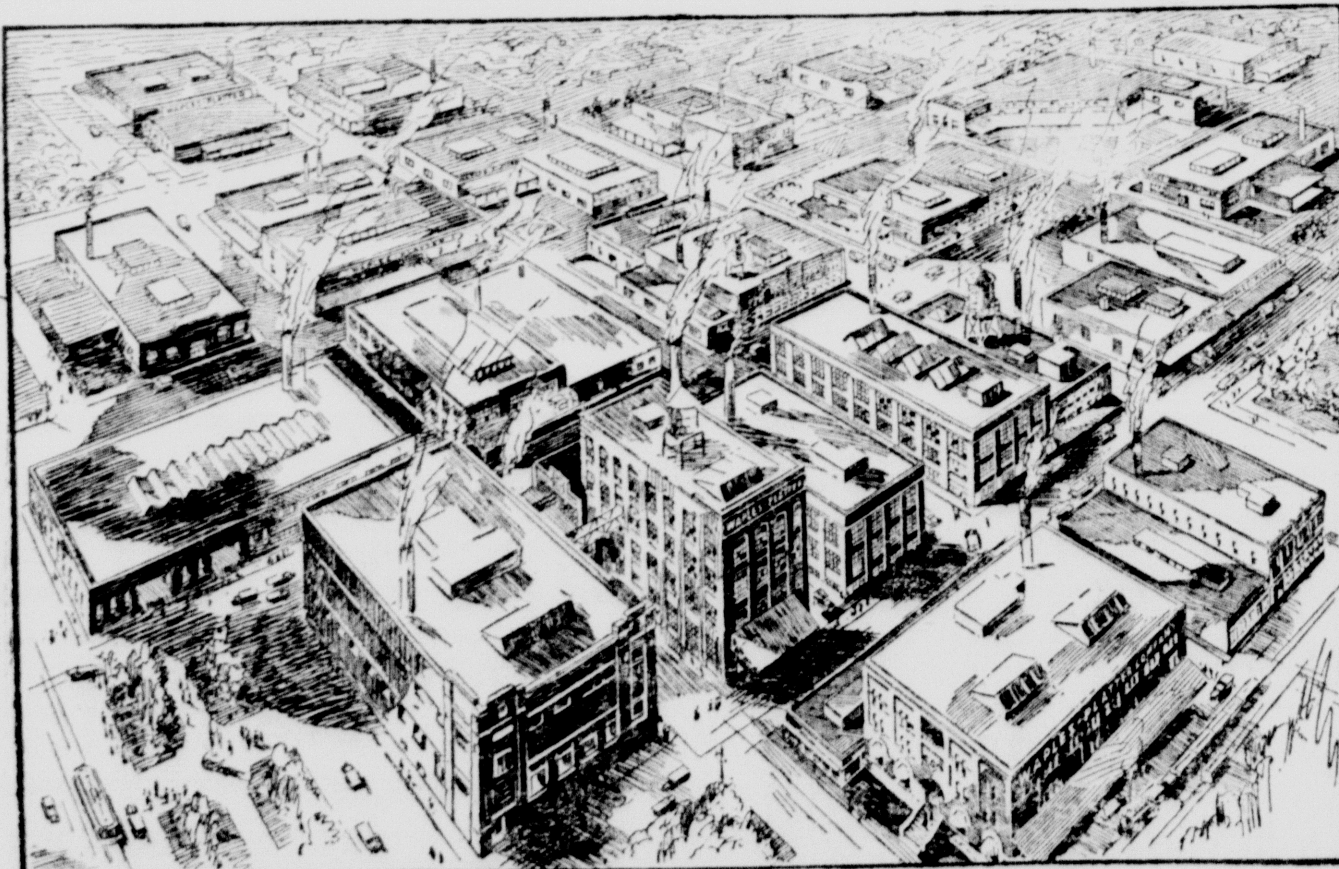

By going to the very source for its products, by controlling every step of their preparation and distribution, it makes sure that no finer foods can be brought into your home for the price you are asked to pay.

To guarantee this, the Waples Platter Company has become far more than a distributor of foods. It is importer, roaster, packer and preserver, selecting crops direct from the world's finest farms and plantations.

Every step from raw materials to the finished product is now supervised and packed under their own roofs. Twenty-five acres of land accommodate the many modern plants which our customers made possible to erect, and stand today as monuments to their patronage of this Texas institution.

This assures the permanency of a quality that has won your favor and acceptance, and at the same time bringing it to you at lower cost through more than 10,000 dealers who are freshly supplied from 22 Waples Platter Houses strategically located throughout this territory.

And now, with greater resources combined with facilities for greater economies, Waples Platter will endeavor to reward your loyalty with even higher quality and service.

Plants and houses of the Waples Platter Company situated at various points, grouped in one picture. In these plants and houses, White Swan Coffee, Wapco Beans and many other products are produced, packed and distributed.

## Home Canning

Mrs. Tom Lair

## Reasons for Home Canning

1. Economy.
2. Pleasure.
3. Pride.
4. Satisfaction.
5. Time savers.
6. Improve foods.
7. Makes home-making easier.
8. More wholesome foods.
9. Sanitary.
10. Gives variety.

## Reasons for Home Canning

1. The economical side of canning should be the first consideration. If a home garden is conducted on a business basis a farm woman should be able to have enough to supply her table during the garden season and enough to supply the needs out of season of all vegetables that can be grown in this country, and there are few exceptions.

2. The pleasure a woman gets out of this accomplishment of saving and being a real helpmate and provider of the family is one of the most satisfying accomplishments. There is a feeling of success one has when we are able to help along in life by taking care of what we have in our possession that is most satisfying.

3. Pride in a pantry that is full of canned things that otherwise would go to waste, is a worthy feeling. We farm women feel this is worth while in life's work and it is an accomplishment that speaks success. Not only are we proud of the things we have saved but we pride ourselves on these shelves the foods that our family will need during the season when we cannot have these things fresh from the gardens or as our city sisters may be able to get; probably at a dear price, from the markets.

4. Satisfaction in knowing, if unexpected guests should come on busy days or just at meal time, that the canned goods are ready and labeled for use. Why worry, when you have taken advantage of the surplus and canned the things that make just the thing that is enjoyed by you and your friends. With a little warming the thing is ready for the table.

5. Canned goods are a time saver. When you have a day for canning you may prepare enough for many days and not have to spoil the better part of a morning each time you would serve this special dish, but open the can, heat, and in a few minutes serve a dish that individually prepared would take hours to prepare and supervise the cooking, if cooked as well as it is possible to cook in a pressure cooker.

6. The flavor and tenderness of some foods prepared in a pressure cooker, are worth a great deal. Some meats canned are more delicious than can be had otherwise. The tough meats that have the best flavors are better canned than cooked quickly in an oven. The flavors of such meats are better than the young meats.

7. Canned goods take a great deal of the drudgery out of home making. Every day need not be spent in preparing three meals from the bottom up we might say. But many days by the use of canned goods a meal need not take much time and yet one could have a well balanced meal.

8. Preservation of vitamins can be accomplished. We hear so much these days about vitamin "A," "B" and "C" and that they are found in certain foods and that children for growth must have so much of each. That canned tomatoes for example contains vitamin "C" which is necessary for the child's growth, that we feel every family should have a canner and when their tomatoes are going to waste they should be capturing some of this, no one knows what for sure, and keeping it for the days when the fresh tomatoes in the garden are all gone.

9. Sanitary reasons, justifies home canning. Some one will say buy your canned tomatoes, they are cheap, but if you have them at home and know just how they are cared for in canning, you can relish them more than some you have observed put up commercially.

10. Special preparations or relishes that you have made and your family enjoy that are not on the market. We have one I make of tomatoes, okra, pepper and corn for soup that the family considers very delicious. In the winter I get a good soup bone and a quart jar of this canned combination and we have most wonderful soup.

By the use of a canner I find my housekeeping hours have been changed. I do not have to spend the greater part of every day preparing meals, and canning days are not such days of drudgery. Of course I have to prepare whatever I am canning, seal the cans, put them in the cooker, set the flame on the oil stove, which has to be low, and then I can go on with other things about my house. I would not think of leaving it entirely, but occasionally look in to see that the heat is what it should be.

Of course when we can a cow it is different, we get more than one canner and then I have help, but think of the many, many meals we have with the most delicious meats just by heating the contents of one of these cans. Meat so tender and the gravy just could not be better. Steaks, roasts, chile, all at your command for months. It is a pleasure, to surprise my friends by preparing a meal as quickly by opening some of the canned things I have prepared, and to note their surprise and astonishment at what may be done in a home where one provides for the unexpected. It certainly gives one a feeling of competence when you can meet such situations so successfully.

Four Yell Leaders  
Chosen by Student  
Body Recently

Judging from the turn-out and the energy displayed at last week's pep meeting, it seems as if everybody is anxious to fall in line with the new pep leaders in giving the Buffaloes some heart-felt support this year.

A large majority of W. T.'s student body met last Monday evening in the auditorium and made "potential whoopee" for an hour. The corridors rang from end to end, and the chandeliers in the auditorium swung from side to side as Marie "Skeet" Miles led the assemblage in some of the W. T.'s old favorite cheers. Some of the football boys who were present were called to the platform and were introduced to the students by football-captain Elvis Ward.

The chief accomplishment of the meeting was the election of the new cheer leaders for the coming year. Those elected were Charlie Mae Harding, Geraldine Griffin, Leslie White and Ford Ward. Three of the new leaders are from the freshman class. They wish to impress upon the student body that all the yelling can not be done by three or four, and that if it is intended to aid the Buffaloes vocally, it must be together in one, big, powerful voice. The new staff is going to do its best in organizing a real, live-wire pep machine to boost the Thundering Herd on toward T. I. A. A. championship.

Mrs. Coolidge is authoring, too. Young John is the only strong silent member left in the family.

The horse took longer to get you there, but you didn't have to drive half-way back to hitch.—Publishers Syndicate.

2 Glasses Water, Not Too  
Cold, Help Constipation

One glass water is not enough—take 2 glasses a half hour before breakfast. You go quicker and better results by adding a little simple clover, saline, etc. (known as Adlerika) to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you never thought were in your system. Adlerika stops GAS and sour stomach in 10 minutes! Relieves constipation in 2 hours. Jarrett Drug Company.

## Canyon Meets Tulia at Buffalo Park on Friday Afternoon

The Canyon Eagles expect to down the Tulia Hornets in the game to be played here at the Buffalo Park Friday at 3:30. The Eagles beat the Hornets by a large score last year and they hope to do so again.

This will be the first conference game of the season, and if the Eagles expect to win the cup, Tulia must be defeated. The Eagles were not disheartened by the defeat they received Friday, and they are going to fight Tulia to the last. Let's all go and help them win.

historical novels, it is edited for classroom use, with an introduction written especially for the student, notes, and suggestions for study.

It is a book after the youngster's own heart. At the Del Sol Ranch with its rambling cluster of buildings on the great plain of Texas, he makes the acquaintance of cowboys and herdsmen, and in their thrilling adventures, he re-lives an important period in the nation's history.

This is why so many thousands have been enabled to free themselves of those unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

S.S.S. helps Nature restore the blood to its normal state. Healthy blood makes the body strong and resistant to disease.

Without plenty of rich, red blood there could be no strong, sturdy, powerful men, or healthy, beautiful women.

If you are troubled with so-called skin disorders or if the count of your red-blood-cells is low, take a few bottles of S.S.S. Seek energy, vitality and a clear skin through the remedy, which is made from fresh vegetable drugs, and has stood the test of over 100 years.

All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

## Music-Expression Department to Give Recital Fri. Night

Friday evening at eight o'clock, the music and expression departments will give the first recital of the year. Both departments are much larger than they were last year, and they expect to accomplish more work.

This program should be of interest to all the town people, and the students like to have them come and see the work they are doing.

The following program of about an hour's duration will be given:

Hark the Band—Mary Ella Oldham.

At the Matinee—Virginia Jarrett.

Butterflies—Margaret Gamble.

Don't Die on Third—George Archer.

The White Bunny—Ruth Gamble.

The Broomstick Parade—Jack Oldham.

The Vendetta—Gwen Black.

Bagatelle—Dorothy Cash.

The Perfect One—O'Neal Porter.

Rosa—Elvin Wesley.

Bercesse—Dorothy Fay Rusk.

The Minister's Blunder—Hosea Foster.

The Universal Impulse—Betty Sternberg.

Spanish Class Holds Initiation Wednes.

At about seven thirty o'clock last Wednesday evening, the new members of the Spanish classes began to arrive at the high school building. They were blindfolded and directed through the building. They never knew when they would fall in a hole, and it was just the delight of the upper classmen to tell them to please walk straight ahead. About the time they were walking straight ahead, they would either bump into a wall or fall awkwardly over a desk. This continued for a few minutes, then the new members were led to the gym.

Then the fun began. On entering the gym the students were given something really good to eat and drink (ask some of them what it was). The wheel barrow ride was a great favorite. When riding easily along, one was not at all surprised to find himself up-side-down on the floor. Some people may not believe it, but high school students can still crawl. After all the due misery had been dealt, the folks were unblindfolded, and a short program was given. At the conclusion of this, refreshments of punch and cookies were served. In spite of all the mistreatment, the members all declared that they had had a wonderful time.

Tomorrow the first six weeks of the 1929-30 school year will be completed. Have you done what you wanted to? Is your first report card going to be what you resolved to make it last September? If it is you have really done something. You don't want to ruin your record by falling down next six weeks. When one thing is gained or accomplished it should only be a foothold or aid for the accomplishment of another. To carry out one's resolutions not only strengthens one but gives the confidence and assurance to make a success of your next attempt at anything. It is to your great advantage to make your six weeks report stand out.

If some how you have failed to make this six weeks work what you planned, don't be discouraged. Next Monday is the beginning of a new six weeks. Make it something! Show what you can do. Failure should not defeat you. It should bring out what is in you. Show Canyon High that you can make the honor roll and stay there.

HOME EC. CLUB APPRECIATES MR. WOOTE'S HELP

The Home Economics department wants to thank Mr. Wooten for his kindness shown by letting the class sponsor "Noah's Ark," also the citizens and children who bought tickets to the show from the students. Those who bought the tickets from the students not only saw a fine educational picture, but also each one helped pay the debt owed by the Home Economics department. The amount profited in sponsoring the show covered almost one-half the price of the stove. Each student is very proud that this part of the debt is paid and now every one is scheming to find another service to make more money.

As the students work and cook on the new stove, each one forgets the heavy cost of it. It's beauty gives cheer and joy to the hard working girls who are learning the art of cooking. It's oven bakes so well that all the girls are becoming rather egotistical.

Tanning the hide promotes health, and in the old days it also served to develop moral fiber.—Key West (Fla.) Citizen.

OFFICE PRACTICE ONLY

Office: First National Bank Building.

Canyon Texas

Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

Only Oakland and one other car in its field use the fine type of brakes which Oakland employs. And no car in the field equals Oakland's 290 square inches of brake band area. Oakland's separate emergency brake operates on the transmission. Seven cars in the field have no separate emergency brakes, although three of them exceed Oakland in price.

Prices, \$1145 to \$1375, f. o. b. Pontiac, Mich., plus delivery charges. Spring covers and Lovejoy Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

## Government Class Holds Congress

The American government class organized a Congress last week for the purpose of studying the way in which our national government functions.

The House of Representatives was first organized. Jack Jackson was elected Speaker of the House, and Grace Norman, clerk. The Republicans had a majority in the House; however there were three Independents, and the Democrats managed to swing their vote most of the time.

A bill was introduced by the Republicans, concerning the educational system of the United States. It was amended, debated, and finally voted upon. However it failed to pass.

The congress lasted two days. The second day, the Democrats introduced a bill concerning immigration, but this bill was not passed either.

The organization of this congress helped the students to understand government and the procedure of congress better.

CHEMISTRY LAB. STARTS

Many queer odors floated down the halls from the chemistry room last Thursday. The classes were having their first laboratory experiment. Several students had not enjoyed chemistry until experiments were tried, and now they like it fine. Some of the students had trouble staying in the room during the experiments; however after a little experience everyone will be able to enjoy them more.

Tomorrow the first six weeks of the 1929-30 school year will be completed. Have you done what you wanted to? Is your first report card going to be what you resolved to make it last September? If it is you have really done something. You don't want to ruin your record by falling down next six weeks. When one thing is gained or accomplished it should only be a foothold or aid for the accomplishment of another. To carry out one's resolutions not only strengthens one but gives the confidence and assurance to make a success of your next attempt at anything. It is to your great advantage to make your six weeks report stand out.

If some how you have failed to make this six weeks work what you planned, don't be discouraged. Next Monday is the beginning of a new six weeks. Make it something! Show what you can do. Failure should not defeat you. It should bring out what is in you. Show Canyon High that you can make the honor roll and stay there.

HOME EC. CLUB APPRECIATES MR. WOOTE'S HELP

The Home Economics department wants to thank Mr. Wooten for his kindness shown by letting the class sponsor "Noah's Ark," also the citizens and children who bought tickets to the show from the students. Those who bought the tickets from the students not only saw a fine educational picture, but also each one helped pay the debt owed by the Home Economics department. The amount profited in sponsoring the show covered almost one-half the price of the stove. Each student is very proud that this part of the debt is paid and now every one is scheming to find another service to make more money.

As the students work and cook on the new stove, each one forgets the heavy cost of it. It's beauty gives cheer and joy to the hard working girls who are learning the art of cooking. It's oven bakes so well that all the girls are becoming rather egotistical.

Tanning the hide promotes health, and in the old days it also served to develop moral fiber.—Key West (Fla.) Citizen.

## Seniors Entertain Football Boys With Weinie Roast

A would be surprise weinie roast was given the football boys by the seniors last Friday night after the Pampa game. The seniors and the football boys met on the high school steps about eight o'clock and went in cars to Hale's Park.

Games were played around a campfire built by the McDonalds and Coach, who seem to be good campfire builders.

After playing games for a while everyone made a dive for the weinies and buns, which they roasted.

A group of the seniors and football boys went to the show after the picnic. Gwen furnished the "Talkie" part and Douglas demonstrated his ability at horse-back riding.

The football boys were pepped up a little, at least, but the seniors hope that after the Tulia game it will be the Tulia boys who need the pepping.

FRESHMAN CLASS MEETING

Monday noon at twelve-thirty, the freshman class held its second meeting. The class is progressing very nicely and carrying out the plans made at the first meeting to the fullest extent.

It was decided that the class dues were to be a very small fee, paid every three months.

Due to the withdrawal of the president, Eva Miller, the vice president, Helen Reeves, was placed as president. Elvert Laughery as vice president.

Friday at noon another meeting was also held for the purpose of discussing the social problems. Beulah Ballengee, Louise Wester, George Brasuel and Elvert Laughery were appointed by the president as the social committee.

## Eagles Defeated By Pampa in Fast Game Friday

The Canyon Eagles suffered their first defeat of the year before the powerful Pampa Harvesters, by the score of 14-20.

Howard, "Cow" Williams was the most spectacular player for the Eagles. He ran 40 yards for the first touchdown. His line plunges covered the total ground of 103 yards for Canyon. James Cabe, Eagle captain, covered 61 yards. Ralph Cabe and Earl "Pud" Cross played well. Woodrow "Pete" Hazlewood did some good recovering of fumbles. McDaniels did some good kicking.

The line-up:

Pampa Canyon

Seltz Pool, Jackson

Schmidt Center

Mullins Right Guard

Barnett Left Guard

Bernard Right Tackle

Monroe Left Tackle

H. Ayers Right End

Lard Hazlewood, Jennings

Chastain Quarter

J. Ayers Right Half

Saulsberry Left Half

Full Back

The next game will be Friday with Tulia at the Buffalo stadium.

## Bufs Walk Off With Score of 32-0 In First Home Game of Season With Panhandle Aggies

"Thundering Herd" Presents New Game of Football In Most Varied Attack Ever Made By Buffalo Squad; Gerald, Newman and McInnis Score.

With a slashing, tearing, determined attack the West Texas Buffaloes opened their home season with a victory over the Panhandle Aggies of Goodwell, Oklahoma, here Saturday. The victors presented the most varied attack that any Buff crew has offered for many moons; and with effective blocking on their running plays and unlimited hustle on passes, they managed to amass the largest total that any edition of the Maaron and White has made in a long time.

The first score was made when Gerald took a punt on his own 40 and electrified the stands by weaving across the field twice and eluding tacklers until it looked as if he would be downed every time, but he managed to get loose and marched 60 yards to the goal line.

Newman, playing full, was the bright and shining star of the game, his three touchdowns and two points after giving him the scoring honors.

Jones proved to be another worthy quarterback. He carried the ball until he was knocked out.

The Mayfield brothers in the backfield turned out to be the star players for the Farmers. They were the two hardest hitters and did all the kicking. Miller at center was brilliant on the defense for the Aggies often breaking through the Buff line for beautiful tackles.

In the line, Reeds used three centers and numerous substitutes for the other positions with all showing to advantage. In all, about 25 players were used throughout the game. Elkins and Logan

at tackles did the best blocking of the day for the winners.

Powell, McInnis, McClendon, Comer, were the Freshmen to shine in the game. Powell, half back, proved to be the only stiff arm lad on the squad. His quick sidestepping was the cause of his many long end runs. McInnis proved to be a real runner when he made a dash of 70 yards for a touchdown. These Freshmen proved to the Coaches that they want to play for four years.

The only injuries made was a sore foot for Bass which had to be lanced and Jones was hurt when carrying the ball.

The Herd is beginning to take on the appearance of a machine. The acquisition of more polish is necessary, for their next game with Abilene Christian College will be the toughest on their schedule for this early season's start.

### Summary

Touchdowns, Gerald 1, Newman 3, McInnis 1. Point after touchdown, Newman 2. First downs, Aggies 2, Bufs 22. Yards from scrimmage (including passes), Aggies gained 64 and lost 25 yards on 37 plays; Bufs gained 469 yards and lost 12 on 84 plays. Passes, Goodwell passed 12 times, 1 complete for 23 yards, 1 intercepted and 10 incomplete. Bufs passed 9 times, two complete for 44 yards and 1 intercepted and 5 incomplete. Punts, Aggies 13 for an average of 38 yards; Bufs 9 for an average of 34 yards. Penalties, Aggies two times for total of 20 yards. Bufs 10 times for a total of 90 yards.

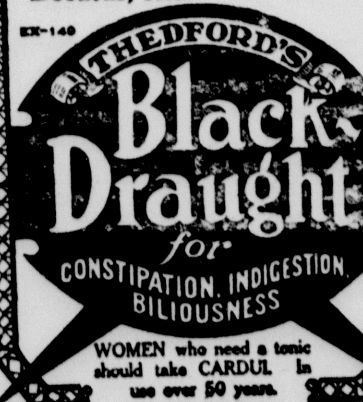

DON'T suffer headaches, or any of those pains that Bayer Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for Bayer. And don't take any but the box that says Bayer, with the word *Genuine* printed in red!

### WHEN CHILDREN Need a Laxative

"We have used Theodor's Black-Draught in our family for nineteen years. I have found it of great help in raising my family. I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right. I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."—Mrs. Doshie Terry, 1205 4th Ave., Decatur, Ala.

## LOCAL NEWS

Mrs. Clovis Maddox and son of Hale Center spent the latter part of last week with her sister, Mrs. J. C. Baker and family.

## Keep the chill away

Keen winter winds often mean chilly rooms on one side of the house or the other. And even the best regulated basement heating plant sometimes fails.

Those are the times to start up the Radiantfire and keep the chill away.

Humphrey Radiantfires give economical, flexible gas heat... healthful heat, by glowing, direct radiation. And they come in many pleasing designs.

Let us demonstrate for you... economy and comfort combined with artistic beauty.

## The Dance of Life

From the famous stage hit

**"BURLESQUE"**

With the stage star, Hal Skelly

The screen favorite, Nancy Carroll and a beauty chorus of 100

A Broadway review in

**TECNICOLOR**

Paramount's wonder show—Gayety, Music, Romance

**ALL**

**TALKING SINGING DANCING**

We'll leave it to you to label this one the greatest story of the show business ever screened. Great as a stage play. Now even greater on the all-talking screen. Gorgeously produced and costumed by masters of stagecraft. Brilliant in natural colors. Flashing with romance. Sparkling with pep and pulchritude. Truly, "The Dance of Life" is the supreme achievement in ultra-modern eye and ear entertainment.

ADMISSION: Children 25c; Adults 50c.

Skelly as "Sidd" in the Paramount Picture, "The Dance of Life"

## REVIVAL AT M. E. CHURCH

We have secured the services of Rev. John M. Neal, General Evangelist, of Huntsville, Texas, to assist us in a two weeks revival effort which begins at 11 a. m. Sunday, Oct. 13. Miss Mattie Mae Swisher will be in charge of the choir and we earnestly request the co-operation of every one. Come over and help us, and in so doing may the good Father of all help you.

Rev. Neal is a strong preacher and a pleasing speaker. You will enjoy him. He will not arrive before Monday or Tuesday but the pastor will do the preaching until he gets here. This coming Sunday evening service will be largely in behalf of new members. We are glad so many students have come into our church and we desire your presence Sunday evening that we may give you the hand of fellowship. Would it not be a good time for many others as well as students to find your place in the church.

Canyon is full of Methodists whose membership is elsewhere. Won't you come in and help us carry on? We need you and you need us. Let's start the meeting right.

C. E. JAMESON, Pastor.

## FIRST CHURCH OF CHRIST SCIENTIST

15th Street, 7th Avenue. "Are Sin, Disease, and Death Real?" will be the subject of the lesson sermon in the First Church of Christ, Scientist, next Sunday, October 13.

The Golden Text is, "In the way of righteousness is life; and in the pathway thereof there is no death." (Proverbs 12:28).

Among the citations which comprise the lesson sermon are the

REV. JOHN M. NEAL

following from the Bible: "Sing unto the Lord, all the earth: shew forth from day to day his salvation. Declare his glory among the heathen his marvelous works among all nations." (I Chron. 16: 23-24.)

## Zita Breezes

A Parent Teachers Association meeting was held Saturday night. A rather good attendance. A short program was given by the school afterwards. Mr. Woods of Amarillo played a number of selections on the piano.

Mr. and Mrs. H. B. Hales and family visited in Amarillo Sunday. Mr. and Mrs. Raymond Adkins

son visited at the L. J. Fulton home Sunday.

Mrs. P. C. Gruner, Frank Gruner and Mrs. Bertha Gowdy and children visited at the C. C. Stewart home Sunday.

Russia and China are beginning to understand each other now. That's what makes 'em mad.—Arizona Producer.

## THE STATE OF TEXAS,

County of Randall.

In the Matter of the petition of John Schramm and others for a change of public road in the county of Randall, State of Texas. The undersigned Jury of Freeholders, citizens of Randall County, Texas, duly appointed by the Commissioners' Court of Randall County, Texas, at its August Term, 1929, to view and establish a proposed change of road of the first class 100 feet in width, by widening the existing public road, beginning at a point on the South City limits of the City of Canyon, which point is also the northeast corner of section 63 Block B-5 H. & G. N. Ry. Co. survey. Thence south along the section line between sections 63 and 64, sections 65 and 66, sections 95 and 96 and sections 97 and 98, to a point on the section line between said sections 97 and 98, being the center line of the proposed widening, and ending at the intersection of Block B-5 H. & G. N. Ry. survey in Precinct Number 1, Randall County, Texas. The Petition asks for the following change to be made in said road: That existing road be changed by widening same so as to make it a first class road 100 feet in width, being the center line of the proposed widening, with the above described line; and having been duly sworn as the law directs, hereby give notice that we will, on the 17th day of October, 1929, assemble at the said beginning point of said road, and thence proceed to survey, locate, view, mark out and establish said proposed road by widening said existing road through the center line of the proposed widening, and all persons owning lands through which said road may run, or holding or claiming any right, title, interest lien or claim in or to said lands or any part thereof, that we will, at the same time, assess the damages incidental to the opening and establishment and change or alteration of said road, when they may, either in person or by agent or attorney, present to us a written claim or statement of the amount of damages, if any, claimed by them.

Witness our hands this the 17th day of September, 1929.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Randall County, Texas:

You are hereby commanded to summon T. B. Hinkle, the heirs and legal representatives of the said T. B. Hinkle, whose names and addresses are unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Randall County, to be held at the Court House thereof, in Canyon, Texas, on the first Monday in January, A. D. 1930, the same being the 6th day of January A. D. 1930, then and there to answer a petition filed in said Court on the 30th day of September A. D. 1929, in a suit, numbered in the docket of said Court as No. 1204, wherein Panhandle Construction Company, a corporation, is Plaintiff, and T. B. Hinkle, and the heirs and legal representatives of the said T. B. Hinkle, whose names and residences are unknown, and Q. V. Conner, a feme sole, who resides in Randall County, Texas, and T. B. Atkins, who resides in Potter County, Texas, are Defendants, and said petition alleging:

That about February 10, 1890, L. G. Conner and his wife, Q. V. Conner, by bond for title recorded in Vol. 1-2, pages 461 of the Deed Records of Randall County, Texas, agreed to convey to T. B. Hinkle, by warranty deed Lot 13, Block 21, original town of Canyon City, in said County of Randall, Texas, for consideration fully paid, and that defendant, Q. V. Conner, holds all the right, title and estate of the said L. G. Conner. That the City of Canyon, in Randall County, Texas, is a municipal corporation, duly organized, which corporation has adopted the general paving law of the State of Texas, and had same in effect at all the times herein mentioned. That on or about January 30, 1928, the governing body of said municipal corporation did determine that certain property, including the street which abutted the above described property, should be graded, filled, curbed, guttered, paved and drained, according to plans and specifications on file and adopted by said town and on said date entered into contract with plaintiff, whereby plaintiff would do the work in accordance with the plans and specifications, and when the improvement was completed it would issue its negotiable certificate to plaintiff for such certificate should be an evidence of indebtedness against the owner of said property, and all persons having an interest therein, for the approved cost of said improvement, and should be a special lien upon the property prior to all liens and claims of every character, save claim of taxes, and that the payment for said work should be made in six equal installments, one due within ten days from date of the acceptance by the City, and one each year for five years thereafter. That all payments should bear interest at 8%, payable annually, from date of such acceptance. Such certificate provided that if default is made in the payment of any installment of principal or interest, that the holder at his option might mature the whole or any part of said certificate, and providing further that when the whole was matured, either naturally or by accelerated option, that reasonable attorney's fee and cost of collection should be added, and provided that such certificate should be prima facie evidence of the truth of the matters recited therein. That said City of Canyon did give notice to the owner of said property, and all persons interested that at a named date each of such persons desiring to contest said ordinance or said contract should appear before the governing body of said City and object to same if they saw fit, and show if they could that the improvement would not increase the value of the property to the extent of its cost, and that after sufficient notice was had, on the 30th day of January, 1928, such hearing was had, and it was determined that the improvement would benefit the property, and plaintiff was ordered to proceed with the work, and it was

ADAMS DRY GOODS COMPANY

"Always The Lowest Prices In Amarillo"

confirmed that plaintiff should have its certificate setting forth the matters above, and that the cost of said improvement would be \$139.20. That plaintiff did proceed with and complete said work according to plans and specifications prior to May 30, 1928, on which date the work was accepted by the City of Canyon, Texas, and negotiable certificate was issued to plaintiff and delivered to it, and thereby became a lien upon said property superior to all claims except taxes, and a personal charge against said T. B. Hinkle, and same is now owned and held by plaintiff, and by virtue of the matters set out and said Hinkle became and was indebted to plaintiff in the face of said certificate which is \$139.20, and that within ten days thereafter one-sixth of same was due. Plaintiff shows to the court that no part of the principal of said certificate has been paid, nor any interest thereon, although two installments are past due on principal and interest, and after demand defendants and all of them have failed and refused to pay same or any part thereof, and plaintiff has elected to exercise his option and mature the whole of said certificate, and has placed same with an attorney agreeing to pay him \$100.00.

That said T. B. Atkins is claimed to be the owner of the above described property, but his ownership, if any he has, is inferior and subordinate to the lien and claim of this plaintiff, and that said Q. V. Conner nor her grantor in interest, L. G. Conner, have not at any time completed the conveyance as bound in their bond of title to said T. B. Hinkle, and that the right and ownership of Q. V. Conner is subordinate to the rights and claims of plaintiff here, and that the judgment and decree of this court ought to provide that all the interest of said L. G. Conner and Q. V. Conner is subject to the judgment herein sought by this plaintiff, and plaintiff further says that all right, title and ownership of said T. B. Hinkle, and

of his heirs and legal representatives are subordinate and inferior to the rights, claims, liens and claim of foreclosure of plaintiff herein. Plaintiff having elected to mature said certificate on account of the defaults aforesaid, there is due the principal sum of said certificate, \$139.20, which bears 8% interest from May 30, 1928, and \$14.85 interest has already accrued, and a reasonable attorney's fee of \$100.00, which defendants refuse to pay or any part thereof.

Plaintiff prays for service of process upon all defendants, and that upon hearing hereof it have its judgment for its debt as above particularly set out, and that such judgment be decreed to be a lien upon said Lot 13, Block 21, in the

original town of Canyon, Randall County, Texas, superior to all the rights of all defendants herein, and that the land be sold to satisfy such judgment, and it have its execution for any deficiency and for such other relief, general and special as it may show itself entitled to receive at the trial hereof.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 30 day of September, A. D. 1929.

(Seal) BERL E. MAYFIELD, Clerk, District Court, Randall County.

## Luncheon Held

Continued from page one:  
work and 251 in the training school.  
Mr. Hill believed that the Amarillo Junior College would eventually greatly increase the attendance of the College by creating a desire among more people to attend college. This year some 100 students were in the Amarillo Junior College who would come here. Mr. Hill hoped that the people of Canyon would keep a friendly, co-operative attitude toward the Amarillo Junior College.  
To make Canyon a happy town, in which people are glad to live and to make their homes, should be the aim for all people in Canyon. To clean up the town, and

give every new-comer a hearty welcome will greatly help.  
Mr. Hill stated that too many Canyon people looked upon the College in a matter-of-fact manner, and did not exert enough interest in the institution. He pointed out the exceptionally high class of work being done by the institution, and named some of the departments which were recognized generally for the work being done.  
Mr. Hill believed that every property owner in Canyon should be a member of the Chamber of Commerce. "The person who does not contribute to the welfare of his community is a mighty sorry individual," stated the speaker.  
Wallace R. Clark and W. A. Warren were elected to represent the city at the convention of the West Texas Chamber of Commerce.

at El Paso. Mr. Clark is a director in that body.  
For the monthly Trades Day on Oct. 24, J. M. Lybrand Jr., C. L. Thompson and W. A. Pierce were named as the committee to work out the details.  
The election of officers of the Chamber of Commerce for the coming year will be held next month. Mr. Warren appointed the following nomination committee to make recommendations at the luncheon when the election will be held: Clyde W. Warwick, J. A. Hill and Albert Terry.

## CARVER-WELCH WEDDING

Miss Ethel Carver and Mr. Ray Welch of Bowie were united in marriage last Saturday night at 7:30 at the First Christian Church in Lawton, Oklahoma. The Rev. Arlo G. Hurt, pastor of the church at Shamrock, Oklahoma, officiated.  
Mrs. Welch is the daughter of Mr. and Mrs. J. C. Carver of this city and has lived here with her parents for the past ten years. She was graduated from the College high school here and attended college here and at Abilene Business College. She has taught school several years and this year is teaching at Gageby, Texas.  
Mr. Welch is the son of Mr. and Mrs. J. P. Welch of Bowie, and is associated with the Phillips Petroleum Company with headquarters in Bartlesville, Okla. For the present the young couple will make their home in Wynoka, Okla.

Only a few intimate friends were present at the wedding.

## BIRTHDAY PARTY

Christine Jarrett was given a birthday party at her home Tuesday afternoon at 4:00 in honor of her eighth birthday. The dining room was decorated in pink, the birthday cake was trimmed in eight pink candles and favors of pink paper dolls were given to the guests. Games of every kind were played until refreshments of cake and ice cream were served to those present. Christine received many pretty gifts from her little friends. Those present were: Bob Reeds, Hal and Mary Mae Harrison.

Hearty  
Congratulations

We extend our hearty congratulations to the Canyon News, Olympic Theatre and Buffalo Grocery on their recent improvements. These are real landmarks of progress, and we believe, with a good row crop, the coming months will see further advancements.

The people of Randall County should visit these modern establishments, and observe what they have at home. When doing so, we enlarge our invitation to include an inspection of our own modern plant, which contains as complete automobile and garage equipment and stock to be found in many larger cities.

We feature such modern equipment as:

Marquette Pressure Car Washer  
Alemite Electrogun for Greasing  
Milburn Spray Painting  
Pexto Body and Fender Tools  
Prestolite Welding  
K. R. Wilson Shop Equipment

Visit our plant and inspect the following Used Car Bargains:

1929 "AA" Truck .....\$650.00  
1929 "A" Fordor Sedan (New Car Guarantee).....\$672.00  
1929 "A" Tudor Sedan, Well Fender and Trunk Rack \$485.00  
1926 "T" Truck, New Car Guarantee .....\$325.00  
1925 "T" Truck, New Paint and Body.....\$250.00

Any of these can be handled on easy terms; in some cases your present car will make the down payment; balance arranged to suit you. Look these over before you buy.

## FAMILY REUNION

The eleven children of Mr. and Mrs. A. N. Burgran were present at the family reunion held Sunday at the farm home west of town. The day was spent in family style with a big dinner at noon, and in the afternoon pictures were taken of the group. Perhaps the guest of honor was Master Willard Harker of Flagstaff, Arizona, the only grand child.

Those present were: Mr. and Mrs. D. M. Burgran, Wichita Falls; Neva Burgran, Pampa; Mrs. L. R. Harker, Flagstaff, Arizona; Mrs. C. C. Tadlock, Flagstaff, Arizona; Mrs. S. B. Pyke, Childress; John Burgran, Clarendon; Mrs. J. F. Anderson, Pampa; and the children at home are: Jack, Jimmie Ford, Virginia, and Obara.

## CALL MEETING OF P. T. A.

There will be a call meeting of the Parent Teachers Association Monday afternoon at 4 o'clock in Room 13 of the Canyon High School building. All members are urged to be present.
